

WEST MANATEE FIRE RESCUE

SIMPLIFIED PERMITTING PROCESS ALTERATIONS, ADDITIONS, MODIFICATIONS (F.S.533.7932) (20 Devices or less)

FLORIDA FIRE PREVENTION CODE 8TH EDITION (2023) IN EFFECT NFPA 1 & 101 (2021) NFPA 72 (2019) NFPA 13(2019)

Simplified Permitting Process is intended to expedite the permitting process for alterations, additions, or modifications of projects with twenty (20) or fewer initiating devices and notification devices or 20 or fewer fire sprinklers in which the sprinklers are of the same K-factor. To utilize the process, the scope of work must meet the following criteria:

- Permit fee \$250.00
- The entire submittal package shall be emailed to josh.adkins@wmfr.org.
- The scope of work is for a total of twenty (20) or fewer initiating devices and notification devices, or the installation or replacement of a fire communicator connected to an existing fire alarm control panel in an existing commercial, residential, apartment, cooperative, or condominium building or 20 or fewer fire sprinklers.
- The work is not a part of a new system.
- All work is visible and easily accessible to the Fire Inspector.
- All applicable permits must be obtained, and fees paid.
- Shop drawings, if appropriate, equipment specifications, and listing information must be present on site at the time of inspection.
- Contractor must supply copy of license.
